D. J. CRITTENBERGER, of Anderson, has resigned as a member of the Indiana Reformatory Board to devote all his time to his newspaper business in Anderson. He is a democrat and was appointed by Governor Durbin.

The Ohio Republicans have declared for rate legislation. One by one the states express themselves to the same effect on this subject, for it is clear that if national legislation on the rate question is not secured, then will come legislation by the states. It is infinitely preferable to have uniform laws on a subject of such importance. State laws will interfere greatly with interstate commerce. National legislation ought to stimulate it. It is time for the United States senate to wake up to this vital fact.

ALL citizens should read and learn the provisions of the new city code. There are many radical changes from the old law governing cities and it will take some time for the people to learn its provisions. The new law increases the duties and responsibilities of the mayor especially and the work of all the officers are more exacting. The new law means better and more systematic government of cities. One of the first duties of the citizen towards the new law is to learn its provisions and govern himself accordingly. The citizen should know his duty under the law and he should know what the law requires of the officers.

ATTORNEY GENERAL MILLER and other distinguished attorneys of the state have decided that a part of the marriage law enacted by the last legislature will not stand the test. The purpose of this clause was to prevent elopements. It provides that marriages contracted outside of the state for the purpose of evading the requirements of the Indiana law shall be void in this state. This is interpreted as an attempt to abrogate the laws of other states and therefore will not bear scrutiny. All the same the legislature took a step forward when it undertook to put additional restrictions upon marriages.

NEVER TOUCHED HIM

Abortive Attempt to Kill Spain's Ruler at Paris.

Paris, June 1.—An attempt to assassinate King Alfonso was made at midnight. As his majesty drove with President Loubet from a gala performance at the Grand opera house, a bomb thrown by an anarchist exploded with deadly effect near the royal carriage. As if by a miracle both the king and the president escaped unhurt.

KING ALFONSO.

Jured, but fragments of the missile seriously injured five persons, killed or maimed a number of cavalry horses forming the escort, and knocked out a child's eye. Intense excitement followed the incident. The king and the president retained their presence of mind, his majesty sending back a member of his suite to make inquiries as to the condition of the wounded. The person who is believed to have thrown the bomb has been arrested with two others who are thought to have been implicated in the plot.

Auditorium at Winona Assembly.

Indiana is getting to be a state of "biggest things in the country." Among these biggest things must be ranked the Winona Summer Assembly, which celebrates this year its tenth anniversary. The growth of the institution has been nothing short of phenomenal. Started on credit and faith in 1895, the Winona Assembly now outranks all institutions of similar character, including Chautauqua, New York, in annual attendance. Last year nearly three hundred thousand people passed through the gates of the Assembly, despite the competition of the World's Fair, and this year Dr. S. C. Dickey, the Secretary and General Manager of the Assembly, is confidently expecting a half million visitors. An expenditure of a quarter of a million dollars in park improvements alone has made Winona one of the country's beauty spots. The Assembly owns and controls nearly two thousand acres of land completely surrounding the lake; owns and operates an electric line between Winona Lake and Warsaw; is building an interurban line connecting Warsaw and Goshen, and has projected a system connecting the lake with other cities; furnishes the neighboring city of Warsaw with electric lights, and has acquired the city water company there, preparatory to furnishing water also; maintains an agricultural school at Winona Lake with an attendance of 150 boys and housed in a sixty thousand dollar building recently completed for its uses, and is preparing to formally open next September a great trade school at Indianapolis, for which the old United States arsenal grounds and buildings, representing a value of fully a million dollars, were acquired at a cost of a hundred and fifty thousand dollars. The Assembly is purely a philanthropic institution, and its plan of operation, unique in history, is well described as "money making altruism." The Summer Assembly proper begins on July 3rd with a decennial celebration at which Governor Hanly will preside, and will continue for seven weeks. The program is pronounced the strongest in the history of the Assembly, the best available platform talent having been secured for this year. The headquarters of the Assembly have recently been removed to Winona Lake, and the management is being flooded with inquiries from all over the country, and especially the central west, with reference to plans for the coming summer. The Assembly owns and controls several hotels and many cottages, and has thus been enabled to keep down the cost of an outing at Winona to a minimum and place the pleasures of this beautiful spot in the heart of the Indiana lake region within the reach of all.

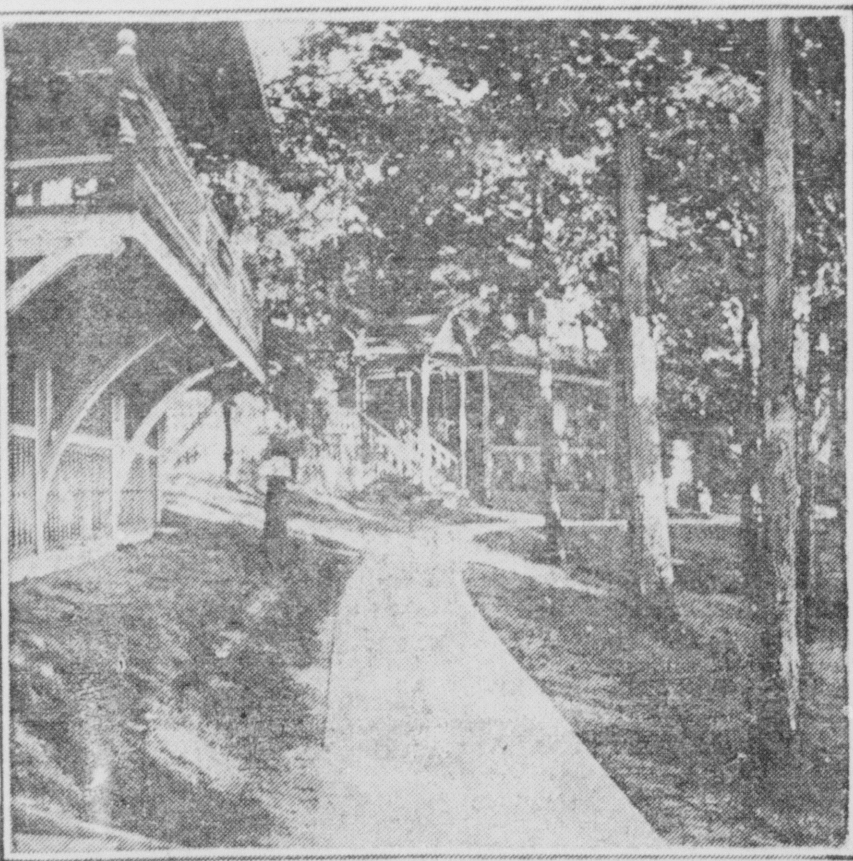

Gathering Lilies at Winona Lake.

Ex-President Cleveland and William Jennings Bryan have at least one important interest in common—both are churchmen and of the same denominational faith. This common interest will bring both of them to the same place in Indiana this year, the Winona Assembly grounds. Mr. Cleveland will visit Winona Lake on May 25th, when he will address a laymen's meeting which is to be a feature of the General Assembly of the Presbyterian church. Mr. Bryan will come to Winona Lake in August to participate in the great Bible Conference held there under the direction of Dr. J. Wilbur Chapman. He will be associated in this conference with many other laymen, ministers and educators of national and even international fame. Among these may be mentioned Dr. G. A. Johnston Ross of Cambridge, England, who comes from Europe specially for this conference; ex-President Patton of Princeton; Bishop J. M. Thoburn, John Willis Baer, John H. Converse, Maud Ballington Booth, and perhaps a hundred other speakers of note. The Bible Conference begins on August 20th and continues ten days. It is perhaps the largest institution of its kind in the world. Last year it attracted two thousand ministers, besides a vast number of laymen.

The Winona Assembly opens on July 3rd with a celebration of the tenth anniversary of the Winona movement and continues for seven weeks. The program for this year is an unusually strong one, the list of attractions including Frederick Warde, Prof. Blanchard of the University of Chicago, Dr. W. A. College of the Armour Institute, Dr. S. C. Schmucker of London, Mark Guy Pearse, Dr. R. S. MacArthur, Bishop Samuel Fallows, Ople Read, Chas. Eugene Banks, Leland Powers, Bertha Kunz Baker, Fred Emerson Brooks, S. Parkes Cadman, Jack Crawford, S. A. Long, D. W. Robertson, and Nat M. Brigham; while among the musical features arranged for are the Morin French Military Band of New York (60 pieces), with Mme. Shotwell Piper and Francis Archambault as soloists, Rogers Concert Band, the Gamble Concert Company, and "Roney's Boys."

The Summer Schools open on July 3d and continue for six weeks, with Dr. Stanley Coulter as dean, a faculty of fifty members and a prospective enrollment of one thousand students. Further particulars with reference to Winona's plans for this year are given in a beautifully illustrated 96-page booklet now being sent out gratuitously from the Assembly general offices at Winona Lake, Indiana.

NO FEE TO FISH

In Michigan, the Mecca This Year of Indiana Tourists as in Years Past.

Positive information received from Michigan authorities states there is no truth whatever in a report that an annual fee of \$5 or any other fee is to be imposed on non-resident fishermen in Michigan. A rumor of such a law having been passed in Michigan is stamped as absolutely without foundation. The origin of this false report is traced to talk current last winter when a question was raised in legislative proceedings concerning the subject, but no action taken, legislators not deeming such a measure advisable. Nothing further has been done, and tourists from Indiana are assured that they need not forego their customary outing to Michigan resorts this summer on the score of being confronted by a tax collector, for there are none such to bar the way.

Judging from the many inquiries already received by W. W. Richardson, Assistant General Passenger Agent of the Pennsylvania Lines, Indianapolis, regarding Michigan resorts and the famous fishing, there will be more than the usual number of Indiana tourists enjoy their summer outing in those health and pleasure havens where either hay fever nor fishing fees exist.

Bad Italian.

For three or four days there have been a few wandering Italians in the city. They annoyed numerous people at different times and it became necessary to do something. Last night one of them, Jos. Florer, got a few drinks in him and made himself a nuisance. Policeman Elrod started out after him and found him in Loertz's bakery. He placed him under arrest and started to jail with him. He was very abusive to the policeman and made resistance and showed fight. When Elrod got near Pellens' corner the Italian jerked loose from him and made a vicious lunge at Elrod, who stopped him. He made the second attack and Elrod had to use his club for his prisoner had a dagger and another knife. Florer was put down and then Wolfe and Sensback came to Elrod's assistance and the obstreperous Italian was led off to jail. This morning he was fined \$5 and costs and taken to jail at Brownstown by Marshal Prewitz to spend about fifteen days.

The first for stealing a horse and delivery wagon and the other for stealing chickens. Kay broke jail two months ago by knocking out bricks as they did this time. He was soon brought back. At the time he demonstrated his ability to escape at any time but said he would stay. They were given the privileges of the corridor the day they escaped.—Scottsburg Journal.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him. As our neighbors will testify. I thank God for so valuable a medicine." For sale by C. W. Milhous.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatic.

Kodol Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Indiana Teachers' Reading Circle the Largest in the Country.

15,000 ARE ENROLLED

Particular Interest Attaches to Next Year's Work Because of Adoption of Indiana Author's Work

George B. Lockwood's "New Harmony Movement" a Fitting Subject For Teachers' Study.

Indianapolis, June 1.—The county superintendents and institute directors of the state are to hold a meeting with State Superintendent Fasset A. Cotton during the last week in June for the purpose of considering more particularly the vacation work of the educational authorities of Hoosierdom. The work of the State Teachers' Reading Circle for 1905-6 will come in for special attention. In the size of her Teachers' Reading Circle Indiana leads all the states of the Union with nearly 15,000 pedagogues enrolled. Particular interest attaches to next year's work because of the adoption of a work of an Indiana author on an Indiana subject of world-wide educational and economic bearing as the basis of study. This is "The New Harmony Movement," written by Geo. B. Lockwood, former secretary to the governor of Indiana. An edition of 15,000 copies of the book has just been brought out by D. Appleton & Co., of New York. It contains an introduction by Dr. W. T. Harris, national commissioner of education, who gives the book high praise as a work of unusual educational and sociological interest and value. The author traces to their source in Indiana an astonishing catalogue of movements which have assumed great importance in the educational world, and which give Hoosier school teachers additional reasons for being proud of their great state.

DISAPPOINTED COLONIST

Proposes to Return to Civilization While His Money Lasts.

Westfield, Ind., June 1.—Calvin A. Rayle, who left here in April to join a colony of a hundred and more Friends who were settling near Batteford, in the Canadian possessions, writes to a brother here that he is very much disappointed with the country, finding nothing as previously represented, but, on the contrary, that there is nothing to indicate that it can ever be converted into a country in which to live in comfort. Up to time of mailing the letter there had not been a real spring day, but instead cold rains and snowstorms had prevailed to such an extent that but little farm work had been done. He further says that there are people there who spent all they had in coming, and that they cannot get away. There is destined to be much suffering. He lays the blame on the alluring representations by "boomers" of that section, and he adds: "I propose to get out and back to civilization while I have the means to do so."

Gas for Three Cities.

Logansport, Ind., June 1.—The failure of natural gas in the Indiana gas belt will not deter the Logansport & Wabash Valley Gas company from supplying gas to those cities which the company has been supplying with natural gas, if the present plans of the company to supplant the natural with an artificial product succeeds. Although not officially announced, it has been learned here that the intention of the company is to establish a mammoth artificial gas plant in Logansport for the purpose of supplying not only Logansport, but Peru and Wabash, with all the gas these cities can utilize, both for fuel and for lighting, and eventually for manufacturing purposes.

Swallowed Carbolic Acid.

Fort Wayne, Ind., June 1.—Frank Lauer, twenty-nine years old, committed suicide at the home of Mrs. Wehrmeister. He had persisted in forcing his unwelcome attentions upon the woman and tried to influence her to leave her husband and elope with him. Failing in his purpose, he threw carbolic acid on Mrs. Wehrmeister, painfully burning her, and then swallowed a large dose, dying in a short time.

Brakeman Crushed to Death.

Lafayette, Ind., June 1.—Roy Atgood, twenty-four years old, a Monon brakeman, was instantly killed at Linden by a Monon freight train, south-bound. He lived at Bainbridge and was unmarried. The cars passed across his body.

Caught Between Cars.

Clinton, Ind., June 1.—L. R. Pettigoo, brakeman on the Chicago & Eastern Illinois railway, was crushed to death between two cars in this city. He was twenty-nine years old and unmarried.

Victim of Cramps Drowns.

Evansville, Ind., June 1.—Daniel Hassler, eighteen years old, while bathing in the West Heights Park lake, was seized with cramps and drowned.

German Turners of America and Europe to Meet at Indianapolis.

The citizens of Indianapolis will spend \$2,000 in entertaining visitors the week of June 21st, when the North American Gymnastic Union holds its festival at the State fair grounds. This union is made up of German physical culture societies of this country, and competing teams will come from England, Germany, Holland and Italy for the Indianapolis meeting. The Gymnastic Union holds its festivals once every four years and in magnitude and beauty they are more pretentious than the Olympic games of old. Men, women and children will make up the force of 3,000 athletes, who will camp at the fair grounds. Down in the city there will be day and night parades, band concerts and a festival play will be given. The railroad rate to the festival is one fare for the round trip, plus 25 cents, good going June 20th and returning until June 27th. Excursion tickets to Indianapolis will be sold via Pennsylvania Lines June 20th to 23d, inclusive. For time of trains and further information consult Local Ticket Agents of Pennsylvania Lines.
